

# SKI FOREVER CAMP 2026

In partnership with the coaches from the Alf Engen Ski School, we're offering three separate four-night, three-day co-ed camps, designed for the intermediate through advanced skier who is comfortable skiing a variety of groomed and ungroomed terrain.

## THE SCOOP

For three epic days, you can borrow high-end demo skis from the extensive collection at the Alta Peruvian Ski Shop and ski with an experienced Alf Engen Ski Instructor and 4-5 other campers.

Each ski group will be organized based on the participants' common skill level, speed, and terrain preferences suitable for their abilities.

The focus will be on specific skiing tactics tailored to the conditions and terrain at Alta.

In this camp, you will learn techniques to make your skiing smoother and more consistent in the long run. Please keep in mind that all skiers should be comfortable on at least intermediate terrain in order to fully enjoy this camp experience.

## GOALS & OUTCOMES

- Ski smoother with less effort
- Develop and enhance your understanding of the role of your equipment in skiing
- Build confidence and success in Alta's legendary off-trail skiing environment
- Have fun with a group of like-minded skiers
